

Pierre Outdoor Municipal Pool Committee

Recommendations to the Pierre City Commission

March 19, 2019

The Pierre Outdoor Municipal Pool Committee encourages the Pierre City Commission to accept the Committee's proposal for a new outdoor municipal swimming pool and proceed with formal approval of the following recommendations:

1. Construction of a new outdoor municipal swimming pool as generally shown in the conceptual design to be located in Griffin Park at a base cost of approximately \$6,518,000, plus added alternates at additional cost of approximately \$5,467,000 to be included as funding allows; and
2. Approval of a bond resolution specific to the proposed project; and
3. Establishment of a capital campaign to begin fundraising to include as many added alternates as possible; and
4. Tentative start of construction in April 2021 so the new outdoor municipal pool can be open for public use during the summer of 2022; and
5. Allowing the Pierre Outdoor Municipal Pool Committee to continue to be active as a citizen advisory committee throughout the construction of the new outdoor municipal pool.

Thank you for your consideration of the Committee's proposal. We are grateful for the opportunity to provide an attractive outdoor recreational pool for people of all ages to enjoy.

Thank you!

Becky Burke & Mike Mueller, Co-chairs
Pierre Outdoor Municipal Pool Committee
